

## *Wirral Community Orchestra*

We are a friendly, amateur orchestra with a passion for making music. Based in West Kirby, we rehearse ( term time) Thursday evenings from 7:30pm to 10pm at West Kirby URC Halls.

We play a wide selection of music, from modern musicals to more popular classics—always making sure there is something for everyone and a challenge to enable musicians to improve their skills. Our conductor, John Modelski, makes rehearsals fun whilst encouraging the best from everyone

Each year our concerts are used to support several local charities and a group of our players present the popular Musical Memories to local residential homes.

Many of our members have taken up their instrument having played as a child or indeed as an adult learner. All would say that playing together develops skills and is great fun. New members are very welcome regardless of experience, instrument or age. Come along, any Thursday evening for a free taster session—we are confident you will enjoy it.
